What We're Up Against

New Logo Offering:

Hotica Logotype:

"Hotica" is the central focus.

The design is clean and modern, giving a sense of clarity and visibility the visually striking flame adds a pop of color and draws attention.

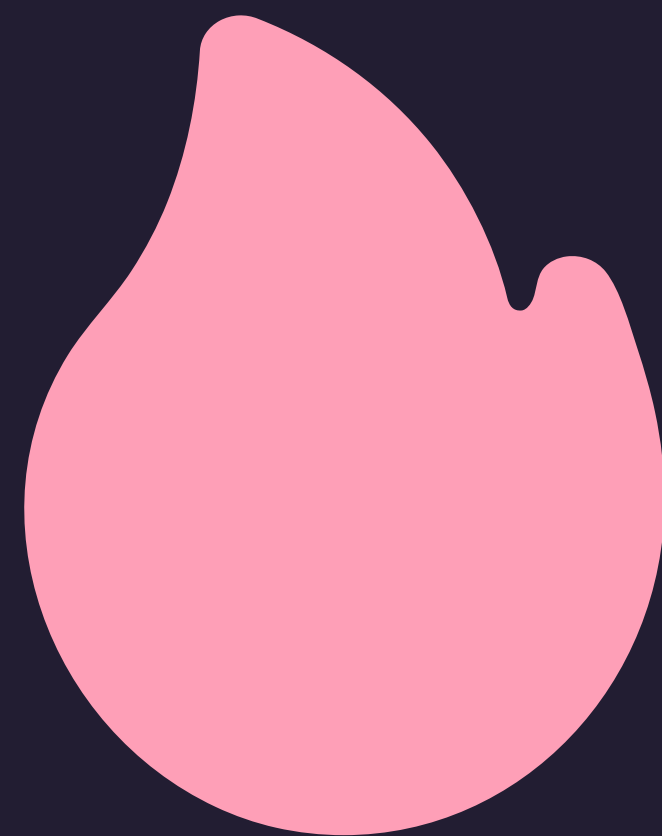

Symbolism: The flame replacing the O clearly connects the brand to the concept of heat, fire, & passion. It serves as a memorable and symbolic visual cue.

In short, the Hotica logo uses a simple wordmark with a clever visual substitution which creates a memorable and relevant brand identity.

The logo for 'Hotica' is displayed in a large, white, sans-serif font against a dark purple background. The letter 'O' is replaced by a stylized, pink flame shape, which is the central visual element of the brand identity.

Brand Palette:

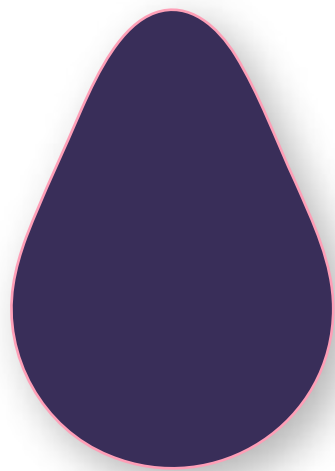

Hotica’s colour identity is woven from a tapestry of sensual hues, each shade a deliberate touch designed to evoke a specific sensation.

It begins with Phangan Purple, a dusky colour that hints at hidden depths and unspoken desires.

Purple Haze, a shadowy indigo that whispers promises of intimacy and shared secrets in hushed tones.

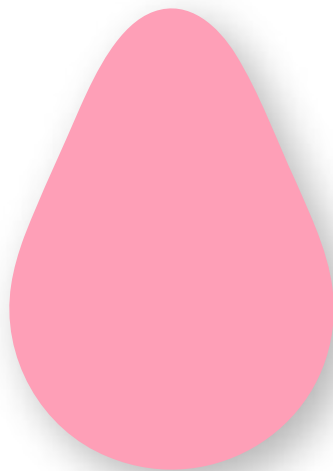

The sudden burst of Pink Bubblegum, a vibrant coral, acts as a thrilling jolt, like a blush rising on skin flushed with passion.

Hotica’s palette doesn't merely communicate a brand; it orchestrates a seduction.

Logo Clear Space:

Maintain clear space around the Hotica logo to ensure its prominence and legibility.

This isolation prevents competing graphic elements like text or photos from distracting attention.

The clear space is defined by the height of the capital "H" in the logo, as illustrated. No other graphic elements, text, lines, or images should encroach within this designated area.

Correct Logo Usage:

The Hotica logo can be used on backgrounds of brands colour palette as well as white, black. Examples of these applications are shown.

The Hotica logo may also be placed on images, provided there is sufficient contrast for clear readability. Generally, the logo should be white when used on imagery, unless the background is light enough to allow a Dark version of the Logomark.
